*“...Here, grand cru quality is evident from the first sniff: intensity and refinement crowned by an exceptionally finely integrated toasty deliciousness. Floral fragrance marks the restrained nose with lemon-and-lime-infused orchard fruit. The palate is dancingly airy and joyously vibrant, and the energising tension continues up to the wine's long, dry pure-mineral finish. Ageing very slowly, this will reward cellaring even if it brings plentiful pleasure already. Dosage: 6.5g/l*
