# COLLECTION 1999 BLANC DE BLANCS

"From a richer, lower-acid vintage, the 1999 Blanc de Blancs Millésimé Collection is fully mature today, bursting with aromas of iodine, hazelnuts, dried fruits, flowers and brown butter. On the palate, it's medium to full-bodied, ample and fleshy, with an enveloping, textural profile and a sapid, even saline finish that adds interest and gastronomic potential."
